

EKAMESH

THE MOST COST EFFECTIVE SANDING SOLUTION FOR A DUST FREE ENVIRONMENT

EKAMESH offers a unique net pattern designed to improve sanding performance for a smoother finish and dust-free environment. Moreover, Uneeda offers the most competitive prices for open mesh abrasives in the industry today.

Why you should choose EKAMESH:

The most cost effective sanding solution on the market

EKAMESH was not only designed to deliver a more consistent finish but was also optimized for a longer lifetime, making it a true cost efficient solution. Sand faster, better, more efficiently.

Cleaner work environment through maximum dust extraction

Protect your health and opt for a cleaner work environment with our complete dust extraction systems and enjoy all the benefits of dust-free sanding.

Reduced friction for a cooler sanding experience

Because of its mesh-like structure, overheating and loading is greatly reduced, which results in minimal clogging and a better surface quality.

Higher removal rate for a perfectly smooth finish

Since dust is quickly extracted and the surface is sanded with the grain ONLY, EKAMESH delivers a higher removal rate for a uniform and superior finish.

Applications

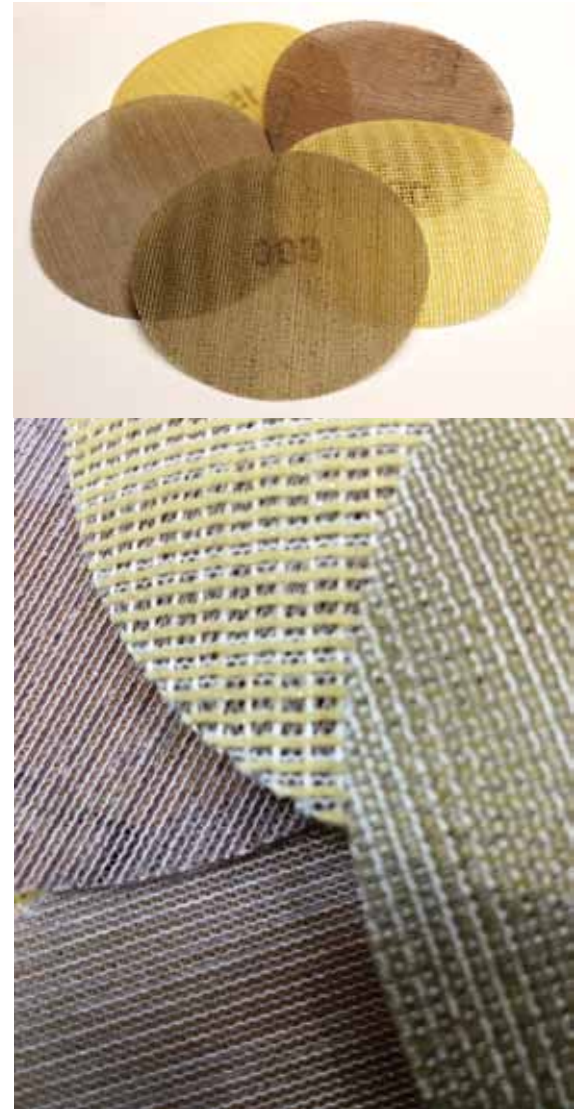

Soft and hardwoods

Acrylic and polyester lacquers

Solid surface

Particle boards and MDF

Fiberglass

EKAMESH is available in 5" and 6" discs as well as custom sheets. Grits range from 40 - 3000. For best results, please use our specified back-up pads. Please contact our sales technicians representatives at **800-431-2494 #290** for more info.
