

WOODWORKING SANDING SOLUTIONS

Helping you achieve better sanding results since 1967.

Unmatched Technical Expertise

UNEEDA is one of the few companies in the industry to offer at **NO CHARGE** technical services to all of our customers and distributors. We dispatch one of our technicians to consult with you, help trouble shoot with sanding issues, and recommend on sanding procedures and maintenance programs.

Wide Range of Abrasives

We offer one of the widest range of abrasive products for the woodworking industry. From wide belts to sanding discs and abrasive sponges, UNEEDA has you covered for all your wood sanding applications.

Highest Quality Coated Abrasives

Since 1967, UNEEDA has maintained an unmatched commitment to provide the highest quality coated abrasives for all sanding and finishing applications. Our abrasive products will help cut your sanding costs and provide a superior sanded surface.

Dedicated Customer Support

Tired of dealing with suppliers that drive the sales and then leave you in the dark? At UNEEDA, we take great pride and care of our customers. Our dedicated support staff is here to answer your call and cater to your needs. We will never leave you hanging!

HW	Hardwood
SW	Softwood
PB	Particle Board/MDF
LQ	Lacquer/Sealer

P0	Polyester
VE	Veneer
AP	Abrasive Planing
SS	Solid Surface

WIDE BELTS

UNEEDA carries a diverse range of wide sanding belts specifically used for woodworking. Whether you are dimensioning, sanding whitewood or sealer sanding, we provide the right wide sanding belt to help with your specific wood application.

EKA1000

Advantages:

- Antistatic technology
- Longest abrasive life
- Reduced clogging
- Universal application

Applications:

HW**SW****LQ****PO****VE****Backing:** E/F-weight paper**Bonding:** Resin over resin**Color:** Royal blue**Grain:** Aluminum oxide**Coating:** Semi-open

Grit range

24 30 36 40 50 60 80 100 120 150 180 220 240 280 320 360 400 500 600 800 1000

ARSFO

Advantages:

- Antistatic technology
- Superior finish
- Longer abrasive life
- Narrow belt usage

Applications:

HW**SW****PB****Backing:** F-weight paper**Bonding:** Resin over resin**Color:** Black**Grain:** Silicon Carbide**Coating:** Semi-open

Grit range

Learn how we cut sanding costs for a large cabinet manufacturer on the West Coast

SCAN ME!

ABRASIVE BRUSHES

Our quick and cost-effective abrasive brush system can finish surfaces including raw wood as well as paint and lacquered coatings. With optimized brush parameters and flexible sanding technology selection, we can handle even the most challenging and atypical tasks, while ensuring your satisfaction and measurable benefits from choosing our surface finishing technology.

SANDING DISCS

All UNEEDA's discs are available with PSA, Hook & Loop or plain backing. They can be manufactured without holes or with a variety of vented hole patterns to match any brand of sanders on the market today. Depending on your requirements our PSA discs are available as individual square tab discs, on roll with liner or as link rolls.

FILMTEK

Advantages:

- Last up to 3X longer
- Tear resistant backing
- Optimized for finishing
- Available in high grits

Struggling with a sanding issue?

We offer free technical expertise to all of our customers. Connect with our technicians and get the help you need today.

ELECTRIC SANDERS

EKASAND E-SERIES ELECTRIC SANDERS

The EKASAND E-Series random orbital sanders are ergonomically built to provide their users with more balance, comfort, and control. All units are lighter than most electric sanders and were designed to reduce hand fatigue. The brushless 350W motor delivers a powerful sand and provide a longer lifetime.

Our sanders are available in PSA (sticky-back) and Hook & Loop options and come with or without vacuum options. Uneeda offers a two year manufacturer warranty on all electric sanders.

EKASAND 3", 5" & 6" RANDOM ORBITAL SANDERS

Our brushless 350W motor features 4 adjustable speeds of 4,000, 7,000, 9,000 and 10,000RPMs for increased performance and precision. Our central vacuum model can be hooked up to a standard shop vacuum, allowing greater air flow and more dust extraction away from the sander.

Models are available in 3/16" or 3/32" orbits

ORBITS

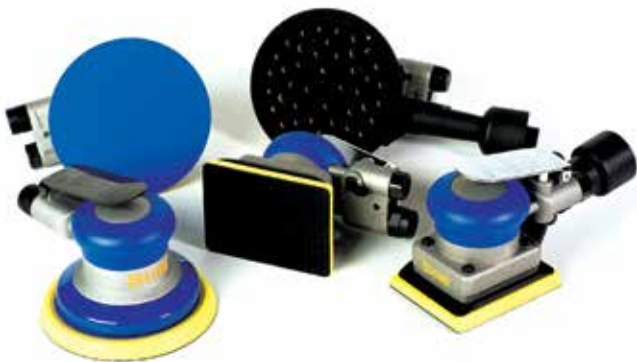

EKASAND 3" x 4" ORBITAL SANDERS

Our 3x4 EKASAND E-Series orbital sanders are one of our most popular sanding tools. They are ergonomically designed to provide their users with more balance, comfort, and control.

The unique low profile design and light weight (only 2.5lbs) deliver less vibrations and dramatically reduce hand fatigue. They are the ideal tool for sanding and refinishing cabinets, staircases and all types of furniture pieces.

PNEUMATIC SANDERS

Light in weight and extremely durable, our pneumatic orbital EKASAND sanders are real workhorses and will last a long time. Spare parts and repair kits are available upon request. All sanders come with a one year manufacturer warranty and are engineered with metal components ensuring maximum durability.

All pneumatic sanders are available in non-vacuum, central vacuum and self generated vacuum models. All circular models are available in a 3/16" or 3/32" orbit.

BACK-UP PADS

To perfect the surface sanding application you desire, UNEEDA offers an extensive line of back-up pads. The pads are available in both PSA (sticky-back) & Hook & Loop varieties and can be purchased with or without vented holes. All pads provide extra strength and durability and will assist in perfecting the overall finish.

DUST EXTRACTION SYSTEMS

EKASAND SERIES 2 DUST EXTRACTOR

A cleaner environment not only means a healthier environment but also a more productive one. Optimize your sanding operation with UNEEDA's EKASAND Series 2 dust extraction system. Connect your electric or pneumatic sander, or even both at the same time, and start extracting dust automatically when the tool is triggered.

Its unique rack system helps you organize your sanders, abrasives and other power tools, and access them in no time. With its high suction power and large 10 gallons capacity tank, the Series 2 vacuum allows you to hook up to a wide range of tools and extract the finest dust particles on the job.

MAIN FEATURES

- 1** Dual electric and pneumatic hook-ups
- 2** AutoSync feature automatically triggers tool with on/off function
- 3** Manual or self cleaning HEPA filter removes 99.97% of particles
- 4** Unique rack system for easy tool storage and access
- 5** Adjustable suction power from 2,000 to 10,000rpm
- 6** Comes with a 15ft antistatic hose

SPECIFICATIONS

Voltage:	120V
Capacity:	10 gallons
Power:	1250W
Measurements:	31" x 21.5" x 22.5"
Total weight:	40lbs
Rack measurements:	21.5" x 9.25" x 23.25"
Rack weight:	18.3lbs
Part number:	P-106001

ACCESSORIES INCLUDED

15ft Antistatic Hose One paper bag

Use the proper dust extraction system for a better sanded surface and a healthier work environment.

EKASILK PLUS SYSTEM

Say goodbye to hand sanding for your finishing operation

EKASILK PLUS' unique foam structure not only takes the shape of any contours with ease but outlasts conventional abrasives by up to 30 times. The flexible latex on the abrasive layer means these sponges are tear-resistant and built to minimize loading. This combination makes for one of the most cost-effective solutions on the market today for all finishing operations.

**BEST

AVAILABLE SIZES: 3", 3"x4", 3-2/3"x7", 5", 6", 8", 11" and other custom sizes.

WHY EKASILK PLUS?

- **Outlasts conventional abrasives by up to 30 times**
- **Eliminates hand sanding**
- **Adapts to any contours & profiles**
- **Available in 3 thicknesses for all types of applications**

GRIT EQUIVALENCE

COARSE	60 grit finish
MEDIUM	120-150 grit finish
MEDIUM-FINE	150-180 grit finish
FINE	220-240 grit finish
VERY FINE	320-400 grit finish
SUPERFINE	500 grit finish
ULTRA FINE	600 grit finish

EKASILK PLUS abrasive sponges are the answer to the most common finish sanding problems. Coming in an array of sizes, grades and thicknesses to cover all the bases, the EKASILK system will speed up your finishing, by eliminating hand sanding and giving you back your time, energy and money, all while delivering the best finish possible.

ABRASIVE SPONGES

UNEEDA offers a wide variety of abrasive sponges suitable for sanding curved, contoured or flat surfaces. Uneeda's abrasive sanding sponges are washable and reusable as well as extremely durable.

EKADIAMOND SPONGES

EKADIAMOND sponges provide a cool and efficient hand sanding experience when sanding curves, contours, moldings and complex profiles. The unique rhomboidal coated pattern allows for faster heat dispersion and delivers a much longer lifespan than other conventional abrasive sponges. These sponges are washable and reusable and will last up to 3X longer than regular sanding sponges.
