ARSFO

THE KING OF ALL FINISHES

UNEEDA

ARSFO is specifically constructed for finishing all types of wooden materials before coating them with varnishes and primers. The nature of the silicon carbide grain allows for a smooth and fiber-free surface while the antistatic properties provide for a healthier working atmosphere. ARSFO is only available in grits 180, 220 & 240. For heavier duty sanding, please use ARSFE0 in a lower grit range.

ADVANTAGES

- **Antistatic technology**
- **Superior finish**
- **Longer abrasive life**
- **Reduce clogging on softwoods**
