

EKABLACK

WIDE BELTS

EKABLACK

THE NEXT GENERATION OF ABRASIVES

UNEEDA

EKABLACK is the latest generation of coated abrasives from Uneeda. Thanks to its Antistatex bonding system, it combines the capacity for high rates of material removal with the ability to produce excellent surface finishes. Together with an open coat grit distribution and its unique antistatic effect, it reduces clogging to a minimum, contributing to the best possible sanded finish, while delivering a substantially longer lifetime over its competition.

ADVANTAGES

- Up to 50% longer abrasive life
- Latest antistatic technology
- Superior finish
- Universal applications

TECHNICAL SPECIFICATIONS

Backing:	F-weight paper
Grain:	Specialized grain
Bonding:	Resin over resin
Color:	Black
Coating:	Open

WOOD APPLICATIONS

- HARDWOOD
- SOFTWOOD
- MDF
- LACQUER
- PARTICLE BOARD
