

EKAWET

SANDING DISCS

EKAWET is a silicon carbide based, highly flexible water-proof sanding disc ideal for wet applications for wood, solid surface, metal, automotive, and marine industries. EKAWET can be used in wet operations such as polishing as well as many dry applications and is available in grits up to 2500.

ADVANTAGES

- Ideal for wet applications
- Highly flexible material
- Available in grits up to 2500
- Consistent finish
