

FILMTEK

SANDING DISCS

FILMTEK

FILM AT THE PRICE OF PAPER

UNEEDA

Our FILMTEK discs coated on a film backing for higher performance — at similar costs to paper products. Film is generally superior to paper as it allows for a more uniform and consistent abrasive coating. Not only is film waterproof, it provides better flexibility and durability as well — outlasting paper in tough applications.

ADVANTAGES

- Tear-resistant film backing
- Up to 3x longer lifetime
- Clog resistant
- Great price to value ratio
